

Dynalite Integration Devices

DDFCUC010

Within any modern project, many third-party systems can be found performing different roles. Each separate system may use a different protocol for communication. Philips Dynalite has developed a range of gateway devices that can be used to synchronize these systems' functions into one integrated system solution. By utilizing the correct gateway, different systems can be integrated, allowing end-users access to a fully automated site from one interface. By successfully integrating third-party systems with a Dynalite solution, repetitive end-user interaction is reduced.

Product data

General Information	
Remarks	Please download the Lighting - Product Data Sheet for more information and ordering options
Approval and Application	
CE mark	CE mark
EU RoHS compliant	Yes
Product Data	
Full product code	871016352600300

Order product name	DDFCUC010
Order code	52600300
Numerator - Quantity Per Pack	1
Numerator - Packs per outer box	1
Material number (12NC)	913703081909
Full product name	DDFCUC010
EAN/UPC - Case	8710163526010
